WORK EXPERIENCE

USER EXPERIENCE DESIGNER— SAP Labs, LLC.

2018 – PRESENT

As an UX Designer for the SAP Service Cloud, I mainly worked on solutions for customer service call centers. I also led the design for a few shared service apps for the entire portfolio of products. My work spans from user research and design to assisting the usability testing for gathering feedback on the designed solution.

UX DESIGN INTERN— SAP Labs, LLC.

2017 – 2018

As an Intern for the SAP Cloud for Customer CRM solution, I worked on different solutions ranging from Machine Learning for Service Cloud to a Guided Selling application for Sales Cloud. I also primarily worked on framing the Design Guideline System for the entire solution.

UI DESIGNER AND PROTOTYPER— Northeastern University

2016 – 2017

As an UI Designer and Prototyper, I worked on designs and front-end web prototypes (HTML, CSS, JS) for different educational games, and solutions for the university.

UI DESIGN AND ENGINEER INTERN— Loginext Solution

2014 – 2014

As an Intern for product based on logistics solutions, I assisted with designs and prototypes for client and employee facing dashboards.

EDUCATION

MASTER'S IN DIGITAL MEDIA— Northeastern University

2015 – 2017

BACHELOR'S IN COMPUTER ENGINEERING— Mumbai

2012 – 2015

DIPLOMA IN INFORMATION TECHNOLOGY— Mumbai University

2009 – 2012
